April 24, 2020

Dear Friends of Integrative Therapies,

Our Dragonheart Vermont team is working hard to make our 15th annual Lake Champlain Dragon Boat Festival a memorable and fun event even with the COVID-19 crisis still hovering like a cloud above us. Dragonheart Vermont has always put the community first as the goal of the festival, and we realize that many individuals need help right now, not just when we hope to be able to gather at the waterfront at the end of the summer.

To that end, **Dragonheart Vermont is proud to donate \$15,000 to Integrative Therapies now** to help you during this pandemic.

As you know, our usual gift from our festival's fundraising efforts takes place in the Fall, after the conclusion of the festival and its fundraising window, but right now our focus is on our community, not our fundraising efforts.

Today we are unsure if we will be able to have a live or virtual festival on August 2nd. We believe that no matter what form it takes, our festival will bring joy to our community, and today, this is our hope to give to all.

Know that Dragonheart Vermont supports all the good programming you do at Integrative Therapies. During this difficult time, please let us know how we further can help.

Our hopes are that all of you are safe and healthy. You are the heroes in our community, especially during this unprecedented time.

All the best from Dragonheart Vermont,

Neal Hayes
