April 24, 2020

Dear Friends at the Vermont Cancer Support Network,

On behalf of Dragonheart Vermont, we hope this note finds you safe and healthy.

As you know, Dragonheart Vermont hosts the Lake Champlain Dragon Boat Festival, the best feel-good event of the summer. Whether we have a live or virtual event this year, we will still deliver an event with which the community can rejoice.

This year our organization sees and feels the community as it struggles to adjust to COVID-19. Programs are on hold. Businesses are closed. People cannot gather. We are all in need of HOPE.

In spreading hope, **Dragonheart Vermont is gifting \$5,000 to VCSN now.** We hope these funds will allow you to continue your programs, increase your reach and offerings, particularly during these times when the need is so great.

We also hope that you will continue to support DHVT and the festival in any way you can.

Finally, we hope we find solid ground for all of us very soon.

With our gratitude for all the good that you do,

Nina Atkinson
